YOUTH WITHOUT BORDERS

ERASMUS+ KA1 Youth Exchange

Have you already heard about "Youth without boarders"?

It's going to be a super cool Erasmus+ Youth Exchange (KA 1.1) with 8 different organisations with each 4 participants and 1-2 teamers, happening in the south of Austria. **The program has been established at our last Youth Exchange together with 30 youngsters from 6 different organisations including the pre- and post-program points.** Together we will develop it further and implement all suggestions towards an amazing and participative Youth Exchange.

For a successful preparation process we will establish an interactive website where all the information will be available for the participants, leaders, project partners and stakeholders.

Within 10 days we'll experience different non-formal education methods, outdoor activities (in the nature as well as in the city), get to know different forms of communication and media strategies, a broad variety of different topics and as well different organisations and cultures.
We aim to present our results at the end of the Youth Exchange in form of a special event chosen by the group in the planning process.

When: 17th till 24th of August

All about the teamers and participants:

We are looking for **5 participants** (gender-balanced) in the age between 14-17 years interested and motivated to be part of a great participative and innovative Youth Exchange.

This group of youngsters should be accompanied by **2 teamers**. At least one of them should be 21 years.
Both of them should be able to communicate and work in English and being familiar in the field of youth work. With this Youth Exchange the leaders will be strongly involved in the planning and implementation of the program, this needs a basic knowledge about facilitation of workshops.
At the APV we´ll invite 1 Teamer + 1 Youngster (under 18) from each organisation to plan the project further and get input from the participating organisations.

The campsite

The Kinderfreunde/Falken-camp is situated in the south of Austria in the federal state Carinthia, next to the Millstätter-lake.
During the summer time we are hosting (international) summer camps from Kinderfreunde and Falcon groups all over the country.
We are creating our small world within our stay at the camp. This is also why it is the perfect place for a Youth Exchange.

Due to the fact that during our stay it will be summer and hopefully really nice weather, we will mainly be placed in tents for around 6 people. If one of the leaders or participants do not feel comfortable staying in tents, we have limited places in small cabins.
There will be 3 meals: breakfast, lunch and dinner. In case your delegation has any special dietary requirements you can let us know with your project application.
There will be WIFI-access during the whole stay next to the seminar room and reception area.

If you liked to have further information, do not hesitate to have a look on our website or get back in contact with our office.
