

Would you be our ESC volunteer?

Come build the Nuoret Kotkat (NKK) international anniversary camp Together2023 with us!

Nuoret Kotkat (NKK) is looking for two European Solidarity Corps -volunteers for six months of volunteering in **Helsinki, Finland**. Finnish Falcon Movement (Nuoret Kotkat) will turn 80 years in 2023. We are looking for two volunteers to work on **communications and camp preparations**. The theme of the camp is Together, which is also the central theme of the entire anniversary year.

The volunteering period will begin in **late February and end in late August**. You will mostly work at the central office in Helsinki but also attend the camp in Nurmes 21.7.–2.8.2023. A chance to participate in the organization's other events and to visit other towns in Finland (e.g., Tampere, Urjala, Nurmes) will be arranged.

The positions consist of versatile communications tasks and can be tailored to meet your special skills and interests. You will have a chance to maintain the social media channels of the anniversary camp and the organization (TikTok, Instagram, Facebook). You can also write blog posts or make a video blog about the camp and our anniversary year. Interest in photography and making videos are useful.

Our organization has a membership magazine, Kotkaviest, which is published twice a year. You will participate in the creation of the second issue of the anniversary year. You will also have an opportunity to contribute to the camp program if that is something that interests you.

WHAT WE NEED

You are 18-30 -years old. We will work in English, so you should have good written and oral English skills. You like to write and are interested in communications, especially social media. You like to work with and for children and youth. You are willing to work mostly in an office. No specific educational background is required. The most important merit is your motivation!

- To be part of creating an amazing experience for children and families
- A Youth pass certificate to show your experience to future employers and education
- Travel, meals, accommodation in a shared apartment, and 5€ daily pocket money, covered by the ESC program. We will take care of the arrangements and help you in matters related to the residence permit and other bureaucracy.
